For alx years my physicians could afford me but little relief, Two feer business.

At this year, had progressed until I had lost the use of my hands and was unable to dress or undress myself, or scarcely able to feed myself.

At this time I was advised by a friend, who knew of the good work you were doing (with your Enforced—restoring the—blood circulation treatment), to go and see you, his earnestness impressed me so fercibly that I cansented and went. At our interview you were so positive you could cure me that you made me bolieve it, and on July 5, I took my first treatment, not much doing the first menth, but the second menth my improvement was rapid, and now, after four menths, I can write as well as ever and I enjey better health than I have for years, and have full use of my hands.

To say that I am pleased and mitisfied states the case too mild, but words cannot express my gratitude.

With House & Hermann, 7th and Eye St. N. W.

NOTE BY PROF. PARKER—THE VACUUM TREATMENT is just as
effective as a Disease Eliminator, and affords quick and certain relief, and
will, if persisted in, Restore to Health THOSE WHO SUFFER with
HARDENING of the ARTERIES, HEART DISEASE, LOCOMOTORATAXIA, BRIGHT'S DISEASE, and other SERIOUS, CHRONIC, INCURABLE DISEASES, as it is in Ulceration of the Stomach. I REFER to
THOSE AILMENTS YOUR PHYSICIAN DON'T AND CAN'T ELIMINATE,
INCLUDING THOSE ALARMING MALADIES of the NERVOUS SYSTEM,
FOR WHICH the PROFESSION HAVE NO REMEDY EXCEPT DOPE,
which makes you feel good for the time being, but in reality increases
your affliction.
